(Student) Joining a Zoom Meeting within a D2L Course

To join a Zoom meeting with a D2L course, there are three methods. You can join a meeting via the Course Calendar, UA Tools and Zoom, and UA Tools Zoom for Students.

**Step-by-step guide**

**Method 1: Course Calendar**

1. Navigate to the D2L course that the meeting exists in. Click on the event under the calendar panel to see more details.

2. Any scheduled meetings will be listed here. Select the meeting link to join the meeting.
Method 2: UA Tools > Zoom

1. From your course home page, go to **UA Tools** and select **Zoom**.

2. Once there, you will see all your upcoming meetings. Select **Start** next to the meeting you’re trying to join and you will be connected directly to that meeting.
Method 3: UA Tools > Zoom for Students

**NOTE:** If you are joining a meeting using this method, keep in mind that you will only see that day’s scheduled meetings. If you need to see future scheduled meetings, you will need to use method one or two.

1. From your course home page, go to **UA Tools** and select **Zoom for Students**.

2. One this page, you will see the link to join that particular day’s meetings. Click on the link to join the meeting and you’re in!

Students can use Zoom for student projects, study groups, and team meetings by following the instructions below:

1. Go to https://arizona.zoom.us
2. Click the Blue “Sign in” button and sign in using your NetID and password
3. Click the “Schedule a Meeting” link in the top right of the page
4. Enter a topic, title, date and duration for your meeting
5. Set the remaining parameters for your meeting and click “Save”.
6. You may either create a calendar entry or copy the join URL. Add your desired attendees to the invite, or be sure to send the copied link to your desired attendees
7. When the meeting time arrives, either click the link in your invite, or go to arizona.zoom.us and click the “Start” button

Note: If you record a meeting and wish to share it with your Instructor or other students, go to the My Recordings tab and copy the link.
