DEAR FACULTY:

The transition to the virtual world of higher education has reinforced the mission of Wayfinders to serve students wherever they are. As academic advisors, Wayfinders are committed to helping students find, or confirm, their academic home. For the new student, it can be a challenge to navigate the academic landscape in search of their right fit. Wayfinders offer big pictures answers to big picture questions and help students become aware of their options.

We know that students have many things on their minds as this semester draws to a close, and some of them are wondering about the steps to adding a second major, changing majors, or just learning about their options. We hope you will provide them with the following short advertisement letting students know how to reach a Wayfinder.

You can reach us at Wayfinders@arizona.edu. Thank you so much, and we wish you well for the remainder of this semester.

-------------- Student Message ---------------------------------------------

-Students:

This is the time of the semester when you may have questions about what academic direction you are heading or simply need to reach out to an advisor to help understand the changing reality of how to navigate through our current virtual experience. Wayfinders are here to help!

We can be reached at Wayfinders@arizona.edu or you can find a virtual drop-in meeting with a Wayfinder at Wayfinders event page. Please follow us on Instagram @ArizonaAdvising (this will need to be the actual link)

To learn more about what Wayfinders has to offer, please watch the following short video: https://youtu.be/TcWnuD_pz2o
